ST. JOSEPH CENTER
Early Learning Center
Venice || Santa Monica - Daycare

Early Learning Center provides quality care to children in a socially enriched, emotionally nurturing, and intellectually stimulating diverse environment.

We practice a developmental learning philosophy, and learning is supported through child initiated, teacher supported play.

ELC teachers are caregivers, observers, communicators, models, storytellers and educators. Teachers identify each child's interests and learning style, and prepare meaningful activities that support integrated learning of concepts and skills.

The curriculum is based on developmental psychologies tailored to the needs of each age group. Dual immersion classrooms and lessons provide children with the chance to become bilingual early in life through play, art, music and performance.

Monday to Friday 8:30am - 4:30pm
Full and part time schedules available

A Note on ELC during COVID-19

The Early Learning Center has made many changes to adapt to the safety protocol and directives issued by the CDC and the LA Dept of Public Health for early education and day care facilities. We are closely monitoring and adhering to advice issued by public health authorities and taking every precaution to ensure everyones safety.

Throughout this time we are committed to quality service and safely continuing to provide a nurturing caring environment for your children.

Please contact us with any questions you have about our COVID-19 safety protocol as well as questions you have about enrolling your child in the center.
