Report on the Financial Statements

We have audited the accompanying financial statements of St. Joseph Center (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Joseph Center as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Directors
St. Joseph Center

Report on Summarized Comparative Information

We have previously audited St. Joseph Center's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 24, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derive

Other Matters - Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 25, 2022, on our consideration of St. Joseph Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering St. Joseph Center's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS June 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF PRESENTATION

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) NET ASSETS

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- **Net Assets Without Donor Restrictions.** Net assets available for use in general operations and not subject to donor-imposed restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment fund.
- **Net Assets With Donor Restrictions.** Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) and/or if the related conditions are met in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from donor restrictions.

(c) CASH AND CASH EQUIVALENTS AND RESTRICTED CASH - HELD FOR OTHERS

St. Joseph Center has defined cash and cash equivalents as cash in banks and certificates of deposits with an original maturity of three months or less at the time of purchase. The carrying value of cash and cash equivalents at June 30, 2021 approximates its fair value.

Restricted cash - held for others includes funds placed in custody of St. Joseph Center for the benefit of its clients and maintained in separate bank accounts. Such funds are also reflected as funds held for others liability in the accompanying statement of financial position.

ST. JOSEPH CENTER

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(d) INVESTMENTS

Investments in equity and debt securities with readily determinable market values are reported at fair value. Investment purchases and sales are accounted for on a trade-date basis. Interest income is recorded as earned on an accrual basis, and dividend income is recorded based upon the ex-dividend date. Realized gains and losses are calculated based upon the underlying cost of the securities traded. Unrealized gains and losses are included in investment return in the statement of activities and represent the difference between the cost and fair value of investments held at the end of the fiscal year.

(e) GRANTS AND CONTRACTS RECEIVABLE, REFUNDABLE CONTRACT ADVANCES, AND RELATED REVENUE RECOGNITION

Grants and contracts receivable are recorded when billed or accrued and represent claims against third parties that will be settled in cash. The carrying value of receivables, net of the allowance for doubtful accounts, represents their estimated net realizable value. The allowance for doubtful accounts, is estimated based on historical collection trends, type of customer, the age of outstanding receivables and existing economic conditions. If events or changes in circumstances indicate that specific receivable balances may be impaired, further consideration is given to the collectability of those balances and the allowance is adjusted accordingly. Past due receivable balances are written off when internal collection efforts have been unsuccessful in collecting the amount due. At June 30, 2021, the majority of receivables are due from governmental agencies and no allowance for uncollectible receivables was considered necessary except as described below.

St. Joseph Center performs services under a significant number of contracts that are administered by the Los Angeles County Department of Mental Health (LACDMH) involving local, state and federal government funds. Contract service payments are generally provided monthly, but are subject to approval by the various funding agencies. Final settlements with the various funding agencies are taking from one to eight years, with initial findings in many cases not available for three or four years after funding. As a result, St. Joseph Center establishes reserves for claims made, for disputed claims and for unexamined years. At June 30, 2021, the LACDMH reserve totaled \$87,879.

St. Joseph Center also performs services under a significant number of contracts that are administered by the Los Angeles Homeless Services Authority (LAHSA). Similarly, amounts billed to LAHSA are subject to review and approval by the grantor. As a result, St. Joseph Center establishes reserves for potential disallowed amounts. At June 30, 2021, the LAHSA reserve totaled \$188,343.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) GRANTS AND CONTRACTS RECEIVABLE, REFUNDABLE CONTRACT ADVANCES, AND RELATED REVENUE RECOGNITION (continued)

The majority of St. Joseph Center's revenue is derived from fee-for-service and cost reimbursement grants and contracts, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Such grants are generally considered nonreciprocal transactions restricted by the awarding agencies for certain purposes. Amounts received are recognized as revenue when St. Joseph Center has satisfied the specific performance requirements or incurred expenditures in compliance with specific contract or grant provisions. St. Joseph Center has elected to adopt a policy whereby donor-restricted grants and contributions that were initially conditional and whose conditions and restrictions are met in the same reporting period are recognized as revenue without donor restrictions. Amounts received prior to incurring qualifying expenditures or fulfilling the specific performance obligations are reported as refundable contract advances in the statement of financial position.

Childcare fees revenue is earned from contracts with families for the provision of childcare services and is generally billed based on a pre-determined monthly rate in the month the services are provided. Revenue from childcare fees is recognized over time during the period of service when the respective performance obligations are satisfied.

(f) CONTRIBUTIONS RECEIVABLE

St. Joseph Center recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest are received. St. Joseph Center recognizes unconditional contributions as restricted support if they are received with donor stipulations that limit the use of the donated assets. Contributions receivable are discounted to their present value when payments are expected in future periods exceeding one year. These discounts are recorded as reductions to contribution revenue and contributions receivable, and are adjusted annually. St. Joseph Center evaluated the collectability of contributions receivable and determined that no allowance for uncollectible contributions receivable was necessary at June 30, 2021.

Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met. Intentions to give are not included as support until payments are made or enforceable promises to give are executed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost if purchased or at fair value at the date of donation if donated. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets. Maintenance and repair costs are charged to expense as incurred. Property and equipment are capitalized if the cost of an asset is greater than or equal to \$5,000 and the useful life is greater than one year.

The estimated useful lives are as follows:

Furniture and Equipment	3 - 5 Years
Computer Software	5 - 10 Years
Buildings	30 - 50 Years
Buildings Improvements	5 - 10 Years
Leasehold Improvements	3 - 10 Years
Vehicles	3 - 5 Years

(h) LONG-LIVED ASSETS

St. Joseph Center reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the book value of the assets may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future cash flows is less than the carrying amount of the asset, in which case a write-down is recorded to reduce the related asset to its estimated fair value. No impairment losses were recognized on long-lived assets during the year ended June 30, 2021.

(i) PAYCHECK PROTECTION PROGRAM (PPP) LOAN

Management has elected to account for the forgivable loan received under the Paycheck Protection Program (PPP) provisions of the Coronavirus Aid, Relief and Economic Security (CARES) Act as a debt instrument and to accrue interest on the outstanding loan balance. Additional interest at a market rate (due to the stated interest rate of the PPP loan being below market) is not imputed, as transactions where interest rates are prescribed by governmental agencies are excluded from the scope of the accounting guidance on imputing interest. The proceeds from the loan will remain recorded as a liability until either 1) the loan is, in part or wholly, forgiven and St. Joseph Center has been legally released or 2) St. Joseph Center repays the loan to the lender.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(j) IN-KIND CONTRIBUTIONS

Contributions of donated non-cash assets are recorded at fair value in the period received. Contributions of donated services are recognized if the services received (a) create or enhance long-lived assets, or (b) require specialized skills, were provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. In-kind contributions of \$863,718 were received during the year ended June 30, 2021 that satisfied the criteria for recognition.

(k) INCOME TAXES

St. Joseph Center is exempt from taxation under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d.

In accordance with the Financial Accounting Standards Board (FASB) ASC Topic No. 740, *Uncertainty in Income Taxes*, St. Joseph Center recognizes the impact of tax positions in the financial statements if that position is more likely than not to be sustained on audit, based on the technical merits of the position. During the year ended June 30, 2021, St. Joseph Center performed an evaluation of uncertain tax positions and did not identify any matters that would require recognition in the financial statements or which might have an effect on its tax-exempt status.

(l) FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing St. Joseph Center's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. St. Joseph Center uses program census and salary dollars, as well as square footage, to allocate indirect costs.

(m) CONCENTRATIONS

St. Joseph Center maintains its cash and cash equivalents and restricted cash - held for others in bank deposit accounts and other investment accounts, which, at times, may exceed federally insured limits.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Because of the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

ST. JOSEPH CENTER

NOTES TO FINANCIAL STATEMENTS June 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(m) CONCENTRATIONS (continued)

The grants and contracts receivable balance outstanding at June 30, 2021 consists primarily of balances due from county, state, and federal granting agencies, and, as a result, concentration of credit risks with respect to such balances is limited.

Approximately 84% of St. Joseph Center's revenue and support is provided by various government agencies. St. Joseph Center anticipates that it will continue to run these programs although there can be no assurance that St. Joseph Center will be able to obtain future grant agreements upon the expiration of the current term of the contracts. The entire amount of grants and contracts receivable balance of \$10,979,407 at June 30, 2021 is from such government contracts, and as a result, concentration of credit risk with respect to these receivables is limited.

(n) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses as of the date and for the period presented. Accordingly, actual results could differ from those estimates.

(o) COMPARATIVE TOTALS

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with St. Joseph Center's financial statements for the year ended June 30, 2020, from which the summarized information was derived.

ST. JOSEPH CENTER

NOTES TO FINANCIAL STATEMENTS June 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(p) NEW ACCOUNTING PRONOUNCEMENTS

In May 2014, FASB issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, which improves and converges the revenue recognition requirements of accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The ASU replaces the existing accounting standards for revenue recognition with a single comprehensive five-step model, which is intended to provide principles within a single framework for revenue recognition of transactions involving contracts with customers across all industries. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance also requires more detailed disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The guidance has subsequently been amended through a series of ASUs between August 2015 and September 2017 to improve the operability and understandability of the implementation guidance on scope exceptions, and various other narrow aspects, as identified and addressed in such updates. St. Joseph Center implemented this ASU during the year ended June 30, 2021. There was no significant impact to St. Joseph Center's financial statements as a result of the implementation of the ASU, and therefore no changes to the previously issued audited financial statements were required on a retrospective basis. The presentation and disclosures of revenue have been enhanced in accordance with the standard.

In February 2016, FASB issued ASU No. 2016-02, *Leases*, which is intended to improve financial reporting about leasing transactions. The new standard will require organizations that lease assets with terms of more than 12 months to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by those leases. The ASU also will require disclosures to help financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements and provide additional information about the amounts recorded in the financial statements. For St. Joseph Center, the ASU will be effective for the year ending June 30, 2023.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(p) NEW ACCOUNTING PRONOUNCEMENTS (continued)

In September 2020, FASB issued ASU No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The ASU is intended to improve transparency in the reporting of contributed nonfinancial assets (also known as gifts-in-kind) received by not-for-profit organizations, including transparency on how those assets are used and how they are valued. For St. Joseph Center, the ASU will be effective for the year ending June 30, 2022.

(q) SUBSEQUENT EVENTS

St. Joseph Center has evaluated events and transactions occurring subsequent to the statement of financial position date of June 30, 2021 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through January 25, 2022, the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred except as noted in Notes 6 and 9.

NOTE 3 - INVESTMENTS

At June 30, 2021, investments consist of the following:

Government Bonds	\$	999,786
Mutual Funds		568,716
Equities		10,613
TOTAL INVESTMENTS	\$	1,579,115

NOTE 4 - FAIR VALUE MEASUREMENTS

St. Joseph Center has implemented the fair value accounting standard for those assets (and liabilities) that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. The standard applies to fair value measurements already required or permitted by existing standards.

In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets (or liabilities). Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates and yield curves. Fair values determined by Level 3 inputs are unobservable data points for the asset (or liability) and include situations where there is little, if any, market activity for the asset (or liability).

ST. JOSEPH CENTER

NOTES TO FINANCIAL STATEMENTS

June 30, 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following table presents information about St. Joseph Center's assets that are measured at fair value on a recurring basis at June 30, 2021 and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	Year Ended June 30, 2021	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Government Bonds	\$ 999,786	\$ -	\$ 999,786	\$ -
Mutual Funds:				
Equity	252,689	252,689	-	-
Fixed Income	316,027	316,027	-	-
Equities	10,613	10,613	-	-
TOTAL INVESTMENTS	\$ 1,579,115	\$ 579,329	\$ 999,786	\$ -

The fair values of marketable securities within Level 1 inputs were obtained based on quoted market prices at the closing of the last business day of the fiscal year.

The fair values of government bonds within Level 2 were determined using pricing models maximizing the use of observable inputs for similar securities or recent trades for the securities held.

NOTE 5 - CONTRIBUTIONS RECEIVABLE

Contributions receivable at June 30, 2021, are due to be received as follows:

Due within 1 Year	\$ 778,950
Due in 1-5 Years	232,000
Due in Over 5 Years	858,000
CONTRIBUTIONS RECEIVABLE	\$ 1,868,950

Contributions receivable include a promise that St. Joseph Center received in 2002 for the lease of the land on which St. Joseph Center's office headquarters was built, at an annual rental cost of \$1 for 50 years. Accordingly, St. Joseph Center recorded the below-market lease as a contribution receivable at the time the agreement was executed, valued at the estimated net present value of the contributed use of land. The contribution receivable is being amortized over 50 years, representing the term of the related lease agreement, with the annual value of contributed rent expense of \$33,000 released from net assets with donor restrictions. At June 30, 2021, the contribution receivable related to the use of this land amounted to \$1,023,000.

NOTE 14 - COMMITMENTS AND CONTINGENCIES

(a) LEGAL PROCEEDINGS

In the ordinary course of conducting its business, St. Joseph Center becomes involved in various lawsuits. Some of these proceedings may result in judgments being assessed against St. Joseph Center which, from time to time, may have an impact on changes in net assets. St. Joseph Center believes that these proceedings, individually or in the aggregate, would not have a material effect on the accompanying financial statements.

(b) CONTRACTS

St. Joseph Center's grants and contracts are subject to inspection and audit by the appropriate governmental funding agencies. The purpose is to determine whether program funds were used in accordance with their respective guidelines and regulations. The potential exists for disallowance of previously funded program costs. The ultimate liability, if any, which may result from these governmental audits cannot be reasonably estimated.

NOTE 15 - LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES (continued)

St. Joseph Center regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. St. Joseph Center is substantially supported by government grants and contracts, which can result in St. Joseph Center having to carry significant accounts receivable balances. As part of its liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

To help manage unanticipated liquidity needs, St. Joseph Center has a line of credit facility of \$3,000,000 that it could draw upon. At June 30, 2021, \$3,000,000 was available on this line of credit. In addition, St. Joseph Center has a Board designated endowment fund of \$579,329 that could be drawn upon with Board approval. Notes to the Schedule of Expenditures of Federal Awards for the Year Ended June 30, 2021.

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of St. Joseph Center under programs of the Federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of St. Joseph Center, it is not intended to and does not present the financial position, changes in net assets, or cash flows of St. Joseph Center.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. Indirect Cost Rate

St. Joseph Center has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
